

Northern Spain: History, Culture and Cuisine

Meaningful travel with
Illuminated Journeys
Aug. 25 – Sept. 5, 2025

Join us as we celebrate 25 years of Illuminated Journeys with a special cultural experience in Northern Spain. You could call it an active gourmet food walk through amazing landscapes, mountain trails, coastal paths and wine country roads. We have added in a mix of experiences, including special cheese and tapas that will keep your taste buds excited, unique grapes that will keep your palette stimulated, and short pieces of the Northern Camino that will keep your pilgrimage heart enriched. From Oviedo in Asturias to San Sebastian in the Basque region with typical August/September temps hovering in the 70's and low 80's, you will experience the history, culture and spirit of "The Green Spain."

Some highlights include:

- Northern pilgrimage route to Santiago.
- UNESCO World Heritage Sites
- Lodging in 4 and 5 star hotels with historic significance and meaning.
- Three nights in San Sebastian including a cooking class and a special Basque dinner
- Distinctive Asturian food and cider culture
- Interesting local leaders and professional guides
- Special meals and cheese tasting in the Picos de Europa
